BaliSpirit Festival New Venue and Line-up Announced!

BaliSpirit Festival has been celebrating life through yoga, global music and dance for nine years! Known as one of the top holistic lifestyle festivals in the world, BaliSpirit Festival can guarantee a truly diverse experience. BaliSpirit Festival proudly announces this year's line-up and its new daytime venue!

Drawing in a global audience of 7000 from over 50 countries, the tranquil town of Ubud in Bali will be transformed into an international cornucopia of world music and yogic fun. The One World One Stage night music concert brings together music and traditions from every corner of the planet, staying true to the festival's message of peace, love and positivity, combines genres such as world, folk & electronica, with traditional and modern dance and physical theater on two stages. The headliners for the three nights are including amazing performances by Nahko & Medicine for the People, Kayah and The Opiuo Band. For the local artists lineup, we also have Barasuara performing their amazing music.

'The BaliSpirit Festival attracts a globally diverse blend of headlining and emerging artists performing high-vibration music on a gorgeous outdoor tropical temple stage. This is sacred celebration at its best!' - Rob Weber, Music Director BaliSpirit Festival

Alongside workshops and the organic-healthy Dharma Fair market, the daytime events also feature Healing Huts - a healing village, a Kids Zone and a community music stage which showcases Indonesian and global musicians throughout the day, creating a dynamic and captivating festival vibe. See our full and updated line-up.

BaliSpirit Festival also moves to a new daytime program location in Bhanuswari Resort and Spa. Hidden away in the southern foothills of Bali, just a short 10-minute drive from Ubud city center, Bhanuswari Resort & Spa gives new meaning to the word "tranquility". The breathtaking beauty of terraced rice fields, towering coconut trees, natural spring-fed streams and luscious flowering gardens envelop this perfectly secluded sanctuary of peace. **There are many interesting people coming together at BaliSpirit Festival to share in the spirit of community and positivity. This is what inspired Ibu Asih to fly from her hometown in Batam to Bali for three years, to enjoy the festival with like-minded individuals.**
