Tested. Trusted. Dr. Tobias.

2016-07-05

Tested, Trusted, Loved.

Busy moms are always in the frontline when it comes to taking care of their family's health. They're the ones who take charge and make the vital decisions whether it's for the kids, the husband, and aging parents and, yes, even for themselves. *Tested. Trusted. Dr. Tobias.*

One family-owned business has stepped in to make that task easier by creating a family of products that are reliable and effective and that meet all the needs of the family. Dr. Tobias is a German company that's becoming recognized as a leader in the development of cutting-edge premium nutritional supplements. Three of the company's products have been long-term bestsellers on Amazon.com and thousands of overwhelmingly positive customer reviews are testimony that Dr. Tobias lives up to its motto: Tested, Trusted, Loved. The business was born out of the personal health issues that plagued company founder, Dr. Tobias Ihde. Dissatisfied with the solutions on offer he set out on a personal quest of discovery.

“Today the company has more than 20 products that address health challenges for all the major systems of the body” - says Dr. Tobias, a natural health expert with a background in sports science, mathematics, and economics.

“Once I used my abilities as a researcher to make some life-altering discoveries it was an important next step to share the results by creating a line of quality products that really work. Our product line has grown—and continues to grow—based on what our customers tell us they need.” - adds Dr. Tobias. Tested. Trusted. Dr. Tobias

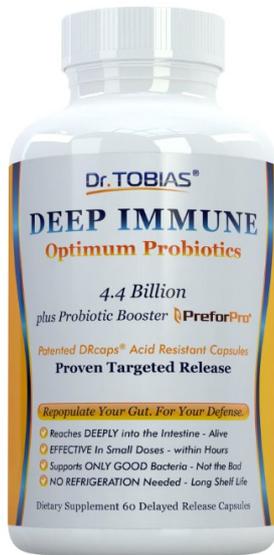

The three products which have reached the number one spot in their respective categories are Dr. Tobias Optimum Omega 3 Fish Oil, the Dr. Tobias Optimum Colon: 14 Day Quick Cleanse and the Dr. Tobias Deep Immune Optimum Probiotics.

Optimum Omega 3 contains three to five times more DHA and EPA than other brands in the market and has won high marks both from experts and its loyal customers. It was ranked number one in quality by an independent laboratory study of 30 leading fish oil supplements and it is not only the best-selling fish oil on Amazon but also consistently positioned in the Top 100 of all Health and Personal Care products. It has now received more than 3,000 reviews on amazon.com and achieved a satisfaction rating of 4.5 out of 5 stars. In addition, Dr. Tobias Optimum Omega 3 Fish Oil has been featured in USA Today and The New York Times.

What is it that customers love so much? It is “Triple Strength” and without the fishy burps associated with so many fish oil capsules. The secret: Dr. Tobias Fish Oil is made with an advanced enteric coating, which helps reduce fishy aftertaste. Not only that, it also helps protect the Omega 3 from the harsh stomach acids and delivers it safely into the gut. In addition, the Dr. Tobias fish oil is purified with sophisticated molecular distillation, one of the few current methods that can purify from heavy metals, PCB’s and other toxins to below detectable limits.

Deep Immune has four spore-forming strains of bacteria totaling 4.4 billion CFU and is reinforced by the patented probiotic booster PreForPro®, a highly effective prebiotic, and DRCaps® for proven stomach acid protection. Unlike most probiotics it does not have to be refrigerated and not only supports the growth of good bacteria but also combats the bad bacteria.

Dr. Tobias **Optimum Digest** – Plant-based Enzymes is undoubtedly one of the complete digestive enzyme formulas on the market. Optimum Digest is formulated with a diverse range of 18 different enzymes to help you digest all kinds of foods more easily. It also contains Aspergillopepsin to help support gluten digestion.

Newer products that are winning lots of praise include Dr. Tobias Hip, Knee, and Joint, which combine Glucosamine Sulfate to stimulate cartilage production, Chondroitin Sulfate to help maintain healthy cartilage and MSM to help maintain healthy connective tissue.

There is also Dr. Tobias CandidaFx, an extra strength candida cleanses for optimal health and energy levels containing a unique blend of effective herbs and enzymes that support gastrointestinal health. This certainly addresses the problem of too much sugar intake and processed food, which often leads to Candida overgrowth.

For weight loss, Dr. Tobias Garcinia Cambogia Plus Green Coffee delivers two great natural weight loss supplements in one capsule, which support your metabolism, encourage healthy levels of appetite and

healthy levels of the important hormone serotonin.

All of the Dr. Tobias products are made in the USA in accordance with GMP standards and are the third party tested. But the Dr. Tobias company is more than a line of excellent products. It also provides educational eBooks and Yoga videos that work in tandem with the products to provide overall health and happiness. It's a complete holistic approach all designed to bring your body into balance so it can do what it is supposed to do—thrive and vibrantly live.

Added Dr. Ihde, "We're building a trusted brand that, in effect, provides one-stop shopping for a family's complete nutritional needs. When customers recognize that one particular product has helped with a specific issue they are naturally inclined to have faith in our other products that help other health challenges that arise. Our stunning growth truly proves that point." Tested. Trusted. Dr. Tobias
